SUMMARY

Developer/Engineer. After mastering the creative, engineering, and business aspects of music, while creating a successful studio enterprise from scratch, I've since pivoted to leverage those skills in the realm of software development. I'm a Graduate of Columbia's Coding Bootcamp with experience in development operations, project management and computer science.

EXPERIENCE

Shuteye Studios, New York, NY

Engineer/Manager

Founded and built Shuteye Studios in 2011. In my role as the studio manager, I fostered a collaborative environment that attracted a wide range of talented artists. My responsibilities included:

- Production/Mastering/Engineering/Songwriting
- Promotion/Artwork
- Scheduling/Booking/Daily Operations/Artist Management

Atlantic Records, New York, NY

Sales Intern

Analyzed and monitored sales trends, and developed strategic initiatives to drive revenue growth. Cultivated client relationships and helped sustain business partnerships.
